The Arts program at Eaglehawk North PS covers both the Visual Arts and the Performing Arts.

In the Arts, children’s creative potential is recognised. Through the Arts program they are encouraged and nurtured to create with confidence, use their imaginations, develop sensitivity and increase their feelings and perceptions of the world around them.

All students can develop their creative interests, skills and talents in a variety of Arts disciplines, such as Visual Arts, Media, Dance, Drama and Music.
Students attend a weekly specialist Art/Craft lesson where they engage in painting, drawing, construction, modelling, textiles, collage, printing and multi-media activities. They develop their understanding and use of the art elements and principles of design in both 2D and 3D activities.

Mosaics by Grade 3 students

Visual Arts is used regularly in the classroom and integrated with other key learning areas such as English, Maths, Technology and Integrated Studies.

Spread Your Wings
Junior grades have specialist music lessons and all students can participate in extension music activities. They can join a Junior, Senior or Sign Choir or learn to play an instrument in the Recorder Band. These students perform regularly within the school as well as in the wider community. Highlight performances this year have included the Bendigo Eisteddfod, the School’s Music Spectacular and Eaglehawk community’s Carols by Candlelight.
Performing Arts

In the Performing Arts, children explore the disciplines of Dance, Drama and Music. The Drumming Ensemble featured on the school float entry for the annual Dahlia & Arts Festival Parade held in Eaglehawk.

2005 was the year of a school-wide musical presentation which took place towards the end of October. All children had the opportunity to explore and express themselves through movement, singing and acting. The Medieval theme was adopted across all grades and implemented as an Integrated Studies unit for year levels 3 to 6 during Term Three. Articles were published in the local newspapers as well as the state wide educators’ newspaper, ‘The Education Times’.

Our purpose is to provide high quality and progressive education in an environment that:

- Values teamwork
- Applauds excellence
- Encourages participation

So that all students may develop the skills, attitudes and values to achieve their potential.
